

Style: Men's quilted puffer jacket (nylon/ polyester padded style).

Composition:
 100% Polyester or Nylon (20D–40D woven)
 Often water-repellent / windproof
 Lining: 100% Polyester (lightweight taffeta)
 Padding / Filling: Polyester fiberfill (most common)
 Down / feather (premium)
 Use 380T / 400T nylon taffeta Padding: 100 GSM
 polyfill (best balance for EU market)
 GSM: 35-60, (80 – 120 GSM)

Style: Men's Basic casual puffer jacket.

Composition:
 100% Polyester (most common)
 Nylon (ripstop / taffeta for premium)
 Water-resistant / DWR finish
 Smooth or slightly matte surface
 Medium durability
 80 – 120 GSM (standard puffer shell)

Style: Men's bomber jacket.

Composition:
 100% Polyester / Nylon (PU coated or
 water-resistant)
 Lining: Polyester taffeta or mesh lining
 Water-repellent coating (WR / DWR)
 90–130 GSM (lightweight, windbreaker feel)

Style: Men's hooded parka jacket (winter outerwear).

Composition:
 100% Polyester (Microfiber / Taslan / Oxford) Nylon (Taslan / Ripstop)
 Polyester/Nylon blend Specification: Waterproof
 coating / PU / TPU lamination DWR (Durable Water Repellent)
 finish Waterproof outer fabrics (100D polyester) are commonly
 used in parkas for weather protection
 Padding / Insulation Polyfill (hollow fiber)
 Down / feather (premium) GSM-120–300

Style: Men's bomber Jacket.

Composition:
100% Polyester or Nylon / Polyester blend
Finish: Matte or slight sheen, smooth hand feel
Feature: Wind-resistant, lightweight
Used in similar bomber jackets
180–240 GSM Cotton + Spandex / Polyester blend
Feel: Soft, breathable, slightly stretchy
260–320 GSM

Style: Men's Puffer / Down Jacket (Hooded).

Composition:
100% Polyester or Nylon
Finish: Water-repellent (WR / DWR coating) Windproof
60 – 120 GSM Padding / Insulation:
Polyester fiberfill Weight (not GSM, but fill weight):
180 – 350 GSM Down Filling (premium)
90% down / 10% feather (common standard)
Fill power: 600–850+ (higher = warmer & lighter)

Style: Men's Bomber jacket / Harrington hybrid.

Composition:
Polyester (100%) or Polyester blend
Sometimes nylon tassel / microfiber
for a smoother finish
Lining: Polyester taffeta or mesh lining
Rib (cuffs & hem):
Polyester + elastane (spandex) blend
110 – 160 GSM
Optional Fabric: Water-repellent coating (PU / DWR)

Style: Men's Bomber jacket / Harrington hybrid.

Composition:
100% Polyester (woven)
Polyester + Nylon blend
60% polyamide / 40% polyester
Lining: 100% Polyester (taffeta or mesh)
Rib: Polyester + Spandex (2x2 rib)
110 – 150 GSM
